You should read your policy carefully. This Outline of Coverage for Blue Basic health plans provides a brief description of the important features of your policy. This is not your policy. Only the actual benefit provisions in your policy will determine your benefits. The policy itself sets forth in detail the rights and obligations of both you and Wellmark Blue Cross and Blue Shield of Iowa.

THEREFORE, IT IS IMPORTANT THAT YOU READ YOUR POLICY CAREFULLY.

Premium payments service fees¹ may be made on a calendar month, calendar quarter, semi-annual calendar year or calendar year basis. For example:

Payment Frequency	Description
Monthly	Premium and service fee payment would be for the first day of the month through the last day of such month through electronic funds transfer (EFT) only.
Quarterly	Premium and service fee payment is made through electronic funds transfer (EFT) only. Standard quarterly periods are: <ul style="list-style-type: none"> • January 1 through March 31 • April 1 through June 30 • July 1 through September 30 • October 1 through December 31
Semi-Annual	Premium and service fee payment would be for the calendar period of either <ul style="list-style-type: none"> • January 1 through June 30, or • July 1 through December 31
Annual	Premium and service fee payment would be for January 1 through December 31 of the applicable year.

In any year in which there is a mid-year adjustment in the amount of premium(s) and/or service fee(s), the Member will have the following obligations:

Payment Frequency	Obligation
Monthly	Monthly payments will continue to be made through electronic funds transfer (EFT) only. For monthly premium and service fee payments, any increase will be deducted from the member's designated account in the first month the increase becomes effective. For each month thereafter, the increased monthly premium and service fee will automatically be deducted.
Quarterly	Quarterly payments will continue to be made through electronic funds transfer (EFT) only. For quarterly premium and service fee payments, any increase for the remaining portion of a quarter will be deducted from the member's designated account in the month the increase becomes effective. For each quarter thereafter, the increased monthly premium and service fee will automatically be deducted.
Semi-Annual	For semi-annual payments, the Member must pay a bill for a premium and service fee payment representing the difference between the new semi-annual premium and service fee amount and the amount previously paid for such period. The Member also will be required to pay subsequent semi-annual premiums and service fee amounts that include the premium and service fee increase.
Annual	For an annual premium and service fee payment, the Member must pay a bill for a premium and service fee payment that equals the difference between the new annual premium and service fee amount and the previously paid annual premium and service fee amount.

The amount of your periodic premium payment will change as provided in the policy and from time to time based on changes in your coverage, including but not limited to, changes in benefits, payment obligations (such as deductible, coinsurance and copayments), the number of covered family members, members' ages, changes in tobacco use status, or other factors that require adjustments to the total premium. These changes may occur at times other than an annual or other policy renewal.

If you elected to authorize automatic premium withdrawals from a deposit account, the automatic withdrawal will change periodically to correspond with the applicable premium. Your authorization for automatic premium withdrawals shall include authorization for automatic withdrawal of any changed amount unless you call or provide your bank with written notice not less than three (3) business days before a scheduled withdrawal to stop the payment. If you call your bank to stop payment, you may be required to provide a written request within fourteen (14) days after your call. You will be responsible for any fee assessed by your bank for stop-payment orders that you make.

¹ A component of your total cost is the service fee. This fee, charged on a monthly basis, reflects a portion of the administrative costs of reviewing, administering, and maintaining contracts.

Terms to Know

Alliance Select Network is Wellmark's preferred provider organization (PPO) network. All Alliance Select health plans are supported by our extensive Alliance Select PPO network in Iowa, and through BlueCard PPO nationwide. Your out-of-pocket expenses may be less when seeking care from a PPO network provider.

Deductible is the fixed dollar amount you pay for most covered services before benefits are available during a benefit period. There are individual and family deductibles.

Family Deductible can be met through any combination of family members. No one member will be required to meet more than the single deductible amount before he or she receives benefits for a covered service during a benefit period.

Coinsurance is the amount, calculated using a fixed percentage, you pay each time you receive services.

The provider you choose affects how your coinsurance is calculated and is based on:

- The billed charge for covered services received in an Alliance Select network provider's office.
- The payment arrangement amount minus deductible and contract limitations for all covered services provided by other providers in Iowa and South Dakota.
- The local Plan's payment arrangement amount minus deductible and contract limitations for covered services received outside of Iowa or South Dakota.

Copayments are specific dollar amounts you pay at the time you receive covered services.

Out-of-Pocket Maximum (OPM) is the amount you pay out of your pocket for most covered services during a benefit period. The deductible and coinsurance provisions, specific to your medical coverage, apply toward meeting the OPM. Copayments do not apply toward the OPM.

Network Savings is the amount saved due to contracts Wellmark Blue Cross and Blue Shield of Iowa has with providers.

Payment Arrangements are determined using various methods, including negotiated fees, based upon our contracting relationships with providers. These payment arrangements usually result in provider savings and can affect how your coinsurance is calculated.

Types of payment arrangements are:

- **Billed Charge** — The amount a provider bills for any services whether or not they are covered under your policy.
- **Covered Charge** — The amount a provider bills for services covered under your policy.
- **Maximum Allowable Fee** — The amount we establish, using various methods, for covered services.
- **Balance Billing** — The difference between a provider's charge and our maximum allowable fee for a specific service, procedure, or product. When you visit a non-participating provider, you are responsible for this difference. Balance billed amounts do not apply toward your deductible or out-of-pocket maximum and do not qualify for coinsurance benefits.

BlueBasicsSM

THE BLUE BASICS PLANS outlined here and detailed in the policies are designed to provide you coverage for hospital, medical, and surgical expenses incurred as a result of a covered illness or injury. Coverage is provided for daily hospital room and board, miscellaneous hospital services, surgical services, anesthesia services, in-hospital medical services, and out-of-hospital care. Covered services are subject to deductible, coinsurance and copayment provisions, or other limitations set forth in the policy. This coverage is available to you (“single” coverage), to you and your spouse or to your unmarried dependent child (“two-person” coverage), or to you and your family (“family” coverage, including your spouse and/or unmarried dependent children). You will pay the premium and the service fee required for coverage directly to Wellmark.

Office Visits received from an Alliance Select Network Provider

Under our Blue Basics plans you are allowed a total of three office visits per member per benefit period that waive deductible.¹ Office visits to Alliance Select network and non-Alliance Select network providers are combined to determine when the total of three office visits per member per benefit period has been met. When using an Alliance Select network provider (except for lab testing processed by either an Alliance Select or non-Alliance Select independent lab) you are responsible for:

- A \$30 copayment per visit for the first three annual covered office visits per member that constitute one of the first three total office visits in a benefit period.¹

For covered office visits after the first three annual office visits, you are responsible for:

- Benefit period medical deductible.
- Coinsurance amount of 50 percent of the Alliance Select network participating provider’s billed charge.

Covered office services include office visits and consultations, x-rays, laboratory testing, and minor surgery.

Note: The deductible is not waived for CT scans, MRAs, MRIs, nuclear medicine, PET scans, radiation therapy and ultrasound.

Office Visits received from a Non-Alliance Select Network Provider

Under our Blue Basics plans you are allowed a total of three office visits per member per benefit period that waive deductible.¹ Office visits to Alliance Select network and non-Alliance Select network providers are combined to determine when the total of three office visits per member per benefit period has been met. When using a non-Alliance Select network provider, you are responsible for:

- Coinsurance amount of 50 percent of our maximum allowable fee for the first three annual covered office visits per member that constitute one of the first three total office visits in a benefit period.¹
- Any difference between our maximum allowable fee and the provider’s charge (applicable to non-participating providers only).

For covered office visits after the first three annual office visits,¹ you are responsible for:

- Benefit period medical deductible.
- Coinsurance amount of 50 percent of our maximum allowable fee.
- Any difference between our maximum allowable fee and the provider’s charge (applicable to non-participating providers only).

¹ First three office visits in a benefit period. The terms of the benefit period deductible, coinsurance, and copayment for office visits depend in part upon whether an office visit is one of the first three per person in a benefit period. Such visits include office visits with both Alliance Select or BlueCard PPO network practitioners and non-Alliance Select or non-BlueCard PPO network practitioners.

¹ The family deductible can be met through any combination of family members. No one member will be required to meet more than the single deductible amount to receive benefits for covered services during a benefit period.

² Prosthetic limbs are subject to 20% coinsurance when using Alliance Select providers.

³ Out-of-pocket maximum amounts you pay for Alliance Select and Non-Alliance Select network covered services apply to both the Alliance Select and Non-Alliance Select network out-of-pocket maximums.

⁴ First three office visits in a benefit period. The terms of the benefit period deductible, coinsurance, and copayment for office visits depend in part upon whether an office visit is one of the first three per person in a benefit period. Such visits include office visits with both Alliance Select or BlueCard PPO network practitioners and non-Alliance Select or non-BlueCard PPO network practitioners. PPO visits for preventive care apply to the visit limit. Any applicable deductible, coinsurance, and copayments are waived.

⁵ Routine immunizations waive deductible, copayments and/or coinsurance when using the Blue Rx Preferred drug card.

⁶ Office visits for mental health and chemical dependency do not count toward the three office visit limit. Deductible and coinsurance apply.

Benefits

Approved Hospital/Health Care Facility Services

Blue Basics health plans provide medically necessary services and supplies related to the treatment of an illness or injury as an inpatient in a facility.

Approved health care facilities include ambulatory surgical facilities, hospitals, and nursing facilities. Blue Basics plans also consider community mental health centers and facilities for treatment of chemical dependency to be approved health care facilities.

Note: Blue Basics plans are supported by the Alliance Select network. Even though a facility may participate with the Alliance Select network, other providers within the facility, such as emergency room practitioners, anesthesiologists, home medical equipment suppliers, and others may not participate with the Alliance Select network. It is important to ask if the provider participates in the Alliance Select network before you receive covered services.

- Oxygen and equipment
- Prescription drugs and medicines covered under the Blue Rx Preferred managed prescription drug program limited to generic drugs, with exceptions for insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptives (if the optional contraceptive coverage is selected)
- Prosthetic appliances

Continued on next page

Home Health Services

Coverage includes care provided by an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) and/or a Medicare-certified agency. Services must be prescribed by a practitioner, approved by our case manager, and not more costly than alternative services that would be effective for diagnosis and treatment of your condition.

Covered services and supplies include (see limitations on page 8):

- Home health aide services
- Home skilled nursing limited to 60 visits per person per benefit period if given by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) or a Medicare-certified agency, and if coordinated by a case manager
- Inhalation therapy
- Medical equipment and supplies
- Medical social services
- Occupational therapy to treat the upper extremities (limited to a total of 12 visits per member per benefit period)
- Oxygen and equipment
- Parenteral and enteral nutrition
- Physical therapy (limited to a total of 12 visits per member per benefit period)
- Prescription drugs and medicines covered under the BlueRx Preferred managed prescription drug program limited to generic drugs, with exceptions for insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptives (if the optional contraceptive coverage is selected)
- Prosthetic appliances and braces
- Rehabilitative speech therapy treatment provided through a home health agency must be coordinated through home health services. Speech therapy benefits are not available for the treatment of certain developmental learning or communication disorders, such as stuttering and stammering.

Hospice Services

Coverage is provided to terminally ill patients with a life expectancy of six months or less. Covered hospice services include the same services as described under home health services as well as respite care from a facility approved by Medicare or JCAHO. Respite care offers rest and relief help for the family caring for a terminally ill patient.

Limitations

Your Blue Basics coverage is limited as follows:

Pre-Existing Condition Exclusion Period

Anyone listed on the application who is 19 and older will have an exclusion period of 365 days from the date your policy begins for all pre-existing conditions, including maternity. However, the exclusion period for pre-existing conditions is waived if:

- You have qualifying previous coverage as defined in your policy, and
- Your qualifying previous coverage was continuous within 63 days prior to the date when your new coverage began.

The pre-existing exclusion period will be waived for individuals under age 19.

Note: These plans are medically underwritten. When you apply for one of these plans, we will do one of the following:

- Approve coverage; or
- Offer coverage at a substandard (higher) premium; or
- Deny coverage (Individuals under 19, listed on the application, will not be denied coverage).

Wellmark will only accept child-only applications during the annual open enrollment period.

Cosmetic Surgery

Coverage is limited to corrective surgery that has the primary purpose of restoring function lost or impaired as a result of an illness or accidental injury, or birth defect.

Breast Reconstruction after a Mastectomy

If you have a mastectomy and elect breast reconstruction in connection with the mastectomy, you are covered for the following:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy.

Home Skilled Nursing/Nursing Facilities

- Home Skilled Nursing is limited to 60 visits per person per benefit period.
- Number of days in a nursing facility is limited to 30 days per person per benefit.

Treatment of Mental Health Conditions and Chemical Dependency (MH/CD)

Blue Basics plans provide coverage for mental health and chemical dependency treatment subject to these limitations:

- Inpatient coverage for mental health and chemical dependency is limited to 30 days for each covered person in a benefit period.
- Outpatient coverage for mental health and chemical dependency is limited to 20 visits for each covered person in a benefit period.
- You are not covered for residential treatment of mental health conditions or chemical dependency. Residential treatment means treatment of mental health conditions or chemical dependency is treatment for severe, persistent, or chronic mental conditions or chemical dependency; provided in a 24-hour residential setting; involves therapeutic intervention and specialized programming with a high degree of structure and supervision; includes training in basic skills, such as social skills and activities of daily living; and does not require daily supervision of a practitioner.

Chiropractic Services

Chiropractic services are limited to a total of 12 visits per member per benefit period.

Occupational and Physical Therapy

- Occupational therapy in settings other than inpatient is limited to a total of 12 visits per member per benefit period.
- Physical therapy in settings other than inpatient is limited to a total of 12 visits per member per benefit period.

Respite Care

Benefits for respite care are limited to a lifetime of 15 days for inpatient and 15 days for outpatient care. Benefits must be used in increments of five days or less.

Weight-Reduction Surgery

You are covered for weight reduction surgery provided you meet eligibility criteria for age, medical condition, and history. Not all procedures classified as weight reduction surgery are covered. Prior approval for weight reduction surgery is strongly recommended. If you are accepted and issued coverage, you will receive a benefits policy detailing how to submit a request for prior approval. For information on the requirements to qualify for surgery, visit www.wellmark.com/WRS.

BlueRx PreferredSM Drug Coverage

Only generic prescription drugs, with the exception of insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptions (if you select contraceptive coverage on your application, and pay the applicable premium) are covered under Blue Rx Preferred, your managed drug program. Wellmark has contracted with Catalyst Rx[®], a full-service pharmacy benefit management company that provides integrated pharmacy benefit services to customers nationwide, to be our pharmacy benefit manager.

Catalyst Rx offers nationwide access to its fully-integrated pharmacy benefit program. Wellmark members who have their prescriptions filled by any of the more than 63,000 participating pharmacies nationwide¹ — whether in or out-of-state — will have their claims filed electronically by the pharmacy. In addition, network pharmacies have point-of-sale computer access to current information to screen for duplicate therapies or interactions with drugs dispensed by other network pharmacies.

Blue Rx Preferred Prescription Drug Card Plan

Blue Rx Preferred is the name of your prescription drug plan. When filling a prescription, it is important to show your Wellmark ID card to confirm that the pharmacy participates in the Catalyst Rx network that supports Blue Rx Preferred. The Rx BIN number is on your Wellmark ID card.

The pharmacist uses this Rx BIN number to file your claim electronically and to determine how much you pay when picking up your prescription. If you choose to get a prescription from a pharmacy that does not contract with Catalyst Rx, you will need to submit a paper claim to Catalyst Rx in order to receive reimbursement, and you will be responsible for any difference between the Catalyst Rx-negotiated price and the pharmacy's billed charge plus any copayment or coinsurance amount.

Coverage

The Blue Basics plans offer generic drug coverage only with the exception of insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptives (if you select the optional contraceptive coverage on your application, and pay the applicable monthly premium). If you have a prescription for a brand name drug (other than insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptives covered under the optional contraceptive benefit) you will be responsible for the entire cost of the prescription.

¹ Catalyst Rx, August 2010

Covered Drugs

All of the following must be satisfied:

- Only generic prescription drugs that bear the legend, "Caution, Federal Law prohibits dispensing without a prescription," with the exception of insulin and insulin-related supplies such as (needles, syringes, test strips, lancets), oral chemotherapy drugs, routine immunizations, and contraceptives (if you select the optional contraceptive coverage on your application, and pay the applicable monthly premium).
- Generic prescription drugs that are prescribed by a practitioner legally authorized to prescribe.
- Generic prescription drugs dispensed by a pharmacist from a licensed retail pharmacy.
- Routine immunizations and the administration of routine immunizations.

Contraceptive Coverage Option

Coverage for oral contraceptives and contraceptive devices that are used for the purpose of preventing conception can be added to your policy for an additional premium. Contraceptive coverage under this benefit will include generic and brand name drugs.

Non-Covered Drugs and Services

- Brand name or branded generic drugs with the exception of insulin, insulin-related supplies, oral chemotherapy drugs, routine immunizations, and contraceptives (if you select the optional contraceptive coverage on your application, and pay the applicable monthly premium).
- Contraceptives (unless medically necessary or you purchase the optional contraceptive coverage)
- Cosmetic drugs
- Drugs determined to be abused or otherwise misused by you
- Growth hormones
- Impotence, except as the result of a physical illness or injury
- Investigational drugs
- Irrigation solutions and supplies

- Most nutritional supplements
- Most over-the-counter products, including nutritional dietary supplements; however, certain over-the-counter products prescribed by a practitioner may be covered as determined by Wellmark.
- Self-administered injectable drugs are generally covered under your health benefits policy; however, insulin, Imitrex, and EpiPen are covered under your prescription drug program.
- Self-help or self-cure programs
- Smoking cessation drugs
- Therapeutic devices or medical appliances
- Weight-reduction drugs

Refills

You may not receive benefits for a refill if sufficient time has not elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by the practitioner. You may also be denied a refill in certain circumstances. Consult your Blue Rx Preferred benefits policy for a complete list.

You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time. If traveling within the United States, the refill amount will be subject to any applicable quantity limits under your Blue Rx Preferred benefits policy (see the Summary of Payment section). If traveling outside the United States, the refill amount will not exceed a 90-day supply.

Quantity Limitations

Drugs covered under your benefits policy may be limited per month, benefit period, or lifetime by specific quantity limitations. These limitations are determined by Wellmark based on medical necessity. For a list of drugs subject to quantity limitations, or to determine whether a drug you are taking is subject to prior authorization, visit our website at www.wellmark.com or check with your pharmacist or practitioner.

Retail Prescription Drugs

You are covered for a 30-day supply.

Wellmark Drug List

Often there is more than one medication available to treat the same medical condition. The Wellmark Drug List is a list of safe and cost-effective medications that serves as a guide to practitioners when deciding which medications to prescribe for their patients. The Wellmark Drug List was developed by a local committee of practitioners and pharmacists in cooperation with our contracted pharmacy benefit manager. The list suggests medications a practitioner might prescribe when there is a choice of medications to treat the same condition. This list is continually revised to reflect changes in the drug industry. Practitioners are not limited to prescribing only the drugs that appear on the Wellmark Drug List. Practitioners may prescribe any medication, and that medication will be covered unless it is specifically excluded from your benefits policy.

Rebates

Using the Wellmark Drug List helps manage the overall cost of prescription medications by promoting the use of more cost-effective drugs. Drug manufacturers sometimes offer rebates to pharmacy benefit managers based on the inclusion of their drugs on the drug list and associated utilization. We expect to receive rebates from our contracted pharmacy benefit manager. The rebates we receive as a result of your prescription claims processed by our pharmacy benefit manager will be retained by Wellmark Blue Cross and Blue Shield of Iowa and applied first to reduce the costs of administering the pharmacy program. The rebates will not be allocated to your specific claims, and they will not be considered when determining your benefit period deductible, copayment, or coinsurance amount.

Prior Authorization

Certain drugs listed on the Wellmark Drug List are covered by your benefits policy only with prior authorization. Prior authorization allows us to verify that the drug is medically necessary and part of a specific treatment plan. Your practitioner must call us to obtain prior authorization.

You have the right to one full and fair review in case of an adverse decision in response to a prior authorization request. An adverse decision is one that denies or reduces benefits. You (or your authorized representative, if you have designated one) may appeal an adverse decision.

BlueDentalSM Coverage

Dental coverage is available through the Blue Dental Program. This optional coverage offers benefits for diagnostic and preventive care, minor restorative care, and major restorative care.

When you first apply for one of our Blue Basics plans, you will have the opportunity to choose Blue Dental coverage. If you choose not to enroll in Blue Dental coverage when you first apply for Blue Basics coverage, you will not be eligible to enroll in Blue Dental coverage at a later date, unless you have an event that allows you to add a person to your policy. Following our acceptance of your application and issuance to you of the Blue Basics and Blue Dental policies, if you decide to terminate the policies, you will not be eligible for a medical policy with the same deductible. You may apply for a medical policy with a different deductible amount, subject to our applicable medical underwriting guidelines.

Blue Dental Network

When you're in the Blue Dental service area, which includes the entire state of Iowa, visit a dentist who participates in our Blue Dental network.

Dental Health Alliance (DHA) Network

If you reside or travel outside the Blue Dental service area, you can visit a dentist who is part of the national DHA network. The DHA network includes more than 92,500 locations through DHA.¹ Just show your ID card to the DHA dentist to receive the same advantages you receive when visiting a Blue Dental provider.

BlueCard® Program (Out-Of-State Coverage)

This program, offered by all Blue Cross and Blue Shield Plans around the world, gives you a simple means to save money — no matter where you live or travel in the United States and numerous other countries. When you need medical attention, all you have to do is show your ID card to a provider who participates with the local Blues Plan.

When you use a BlueCard PPO provider:

- You pay the applicable deductible, copayment or coinsurance amount.
- You'll get Blue Plan PPO-provider negotiated prices.
- Your claims will be processed at the Alliance Select in-network coinsurance level.
- Participating providers have agreed not to collect from you any difference between their billed charge and the negotiated charge.
- Access to more than 630,000 physicians and 6,500 hospitals worldwide.¹
- Participating providers and many non-participating providers will honor your ID card and file your claims for you.
- BlueCard providers do not handle notification requirements for you.

Notification Requirements

The following are notification requirements you or your Alliance Select network provider should follow to receive the maximum benefits available under your policy.

Precertification

Precertification is a process whereby you or your provider notify Wellmark Blue Cross and Blue Shield of Iowa before a planned admission to a nursing facility, or acute rehabilitation facility. Precertification is also required before receiving home health, hospice, home infusion therapy, or home skilled nursing services. During precertification, Wellmark Blue Cross and Blue Shield of Iowa checks benefit eligibility and determines whether medical necessity standards have been met.

Continued Stay Review

Continued Stay Review is a review of your care when you are in a hospital, nursing facility, or other health facility or when you use home health services, hospice services, or home infusion therapy. Wellmark Blue Cross and Blue Shield of Iowa will initiate the review. If it is determined your current level of care is no longer medically necessary, we will notify you, your attending practitioner and the facility 24 hours before your benefits for services end.

Note: We will notify you of the date when coverage for services ends. We will not provide benefits for services received after this date.

Prior Approval

Before you receive treatment for certain services, supplies, or procedures, we recommend you or your provider request our prior approval. Prior approval helps determine whether a proposed treatment plan is medically necessary, a benefit of your policy, and ensures you receive full benefits for certain services.

A list of services for which we recommend prior approval can be found in your policy.

General Provisions

Eligibility: You are eligible to apply for Blue Basics coverage if you are a resident of Iowa, under 65 years of age, and not eligible for Medicare. If you become enrolled in Medicare during the term of this benefits policy, this benefits policy will provide benefits secondary to Medicare unless application of federal law determines this benefits policy must provide benefits primary to Medicare. If you are applying for child-only coverage, the child(ren) is eligible for coverage during the annual open enrollment period or due to a qualifying event.

Coverage Renewability

- Coverage is automatically renewed by payment of your premium and service fee in advance.
- A grace period of 31 days will be granted for the payment of each premium and service fee due after the first premium and service fee. During this grace period, your policy will continue in force.
- We may terminate your policy if: (1) you fail to pay your premium and service fee when due; or (2) there is fraudulent use of your policy.
- When you no longer qualify as a dependent or spouse under this policy, you may obtain coverage from Wellmark Blue Cross and Blue Shield of Iowa with no additional underwriting if you apply for a plan with equal or lesser benefits within 31 days of the date you become ineligible.

Medicare Eligibility

When you become eligible for Medicare, you may convert to one of our Medicare supplement plans without answering health questions if you still reside in Iowa, and you have Medicare Parts A and B, and you apply during your six-month guaranteed enrollment period. This period begins with the first month that you are both age 65 or older and enrolled in Medicare Part B (medical insurance).

Medicare Enrollment

If you become enrolled in Medicare during the term of this benefits policy, this benefits policy will provide benefits secondary to Medicare unless your employer contributes toward the premiums and/or service fees or otherwise sponsors this benefits policy in which case this benefits policy may be required by federal law to provide benefits primary to Medicare.

Subrogation

Once you receive benefits under your Blue Basics policy arising from an illness or injury, we will assume any legal right you have to collect compensation, damages, or any other payment related to that illness or injury. We will assume all rights for recovery, to the extent of our payment, regardless of whether our payment is made before or after settlement of any third-party claim, and regardless of whether you have received full or complete compensation for any injury

or illness. You and your covered family member(s) agree to notify us if you have the potential right to receive payment from someone else and to cooperate with us to ensure that our rights to subrogation are protected. We reserve the right to offset any amounts owed to us against any future claim settlement amounts.

Coordination of Benefits

Coordination of benefits applies when you have more than one insurance policy or plan that provides the same or similar benefits as this policy, including other individual or group sponsored coverage in which you are enrolled.

Benefits payable under this policy, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount. The method we use to calculate the payment arrangement amount may be different from your other plan's method.

Notwithstanding the foregoing provisions on Coordination of Benefits, Wellmark will always pay as though it is the primary carrier when you use your ID card for prescription drugs purchased at a pharmacy.

Other Information

- A reduced premium rate is available for persons who do not currently use tobacco products and have not used tobacco products for a minimum of 12 consecutive preceding months.
- Premium rates for a specified individual are determined by the base premium rate for the block of business that reflects the actual and anticipated experience for all policies included in the block. Base premium rates are adjusted to reflect the particular benefit plan chosen as well as age, sex, tobacco use, and health status.

Health and Wellness Programs

Helping you maintain or improve your health is important. That's why Wellmark Blue Cross and Blue Shield of Iowa is more than just a health insurance company — we are people helping people. In support of your health care coverage, we provide programs and services with your health and wellness needs in mind.

Personal Health Assistant 24/7

Getting answers to health care questions just got easier. By calling a toll-free hotline, we can provide a direct connection to specially trained health professionals who can provide tools and support your needs.

- **Care Navigation 24/7** — provides help in locating health care resources and understanding medical treatments.
- **Decision Support 24/7** — provides support to assist you in making wise health care decisions.
- **Nurse Support 24/7** — provides advice on urgent care concerns.

Pregnancy Care Program

Our Pregnancy Care program provides valuable information and support for moms-to-be and new mothers, from the first trimester through the early weeks of parenting. This program provides resources to help all expecting mothers better understand and manage their pregnancy. The goal is to help moms-to-be avoid complications and preterm birth, as well as provide nurse support for high-risk pregnancies.

Complex Case Management Program

Our Complex Case Management program is designed to provide you with long-term health care needs resulting from extreme illness or injury. You, your practitioner, and the hospital work with our case managers to identify and arrange treatment plans in an effort to meet your special needs and to assist in preserving your health insurance benefits.

Wellmark may from time to time make available to you certain health support services for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As part of the provision of such services, Wellmark may: (1) use your personal health information (including but not limited to: substance abuse, mental health, and AIDS/HIV information), and (2) disclose such information to your health care providers and Wellmark's vendors, for purposes of providing such services to you. When using such information, Wellmark will do so according to the terms of Wellmark's Privacy Practices Notices, which can be accessed at www.wellmark.com/HIPAA/hipaa_privacy.htm. Wellmark may also, from time to time, make available to you certain value-added benefits for a fee or no fee. Examples include, discounts on alternative/preventive therapies, fitness, exercise and diet assistance and elective procedures, as well as resources to help you make more informed health decisions.

This is a general description of coverage for non-grandfathered plans. It is not a statement of contract. Actual coverage is subject to the terms and conditions specified in the policy itself and enrollment regulations in force when the policy becomes effective.
